Date: March 27, 2015
Re: PACE Dial-A-Ride IGA

The Village by way of Res 13-27 contributes to the cost of PACE bus service to senior and handicapped residents as established in an IGA with Cuba and Barrington Township. The amount of the contribution is \$3,750 based on a formula from the record of the prior year's ridership.

An agreement for 2015 has been presented with a diminution of the contribution to \$2,500 based on a ridership of 420 riders in 2014.

There is presented a resolution with the revised IGA for the consideration of the BOT at its March meeting.
