

Village of Barrington Hills  
(847) 551-3000

In order to keep your septic system functioning properly,  
please observe the following suggestions:

**DO NOT...**

- Use toilet as garbage disposal for cigarettes, grease, coffee grounds, napkins, etc.
- Pour quantities of chemicals or disinfectants (other than household cleaners) into the system.
- Plant trees and shrubs over septic field.
- Allow vehicles to drive over septic system.

**DO...**

- Have sludge removed from the septic tank *at least* every TWO years.
- MINIMIZE WATER USAGE:
  - Install water reduction fixtures.
  - Fix leaking/dripping fixtures.
  - Spread laundry washing out over entire week.
- Limit usage of garbage disposal unit.
- Locate septic tank cover and drop boxes.
