Re: Board of Health Recommendations  
Rocky Road Annual Emissions Report

---

As requested by the Village Board at their May 24, 2010 meeting, the Board of Health considered the request by Rocky Road Power, LLC to discontinue the direct transmittal of the annual emissions report to the Village. The Board of Health reviewed this matter along with other items at their special meeting held Thursday, September 23, 2010.

The Board of Health found that it would be beneficial to the Village to continue to have the report made available on an annual basis and maintain an open dialogue with the power plant. The Board recommended that the transmittal be continued, with the option provided to the Power Plant of providing a digital copy via email in lieu of the hard copy. This recommendation was passed unanimously and is forwarded to the Village Board for their consideration.
