Patti & Dan:

I would like to make sure this issue is on the current meeting agenda. While this might be good from a funding perspective, it suggests the bridge is in worse shape than we suspect and will shorten the schedule for replacement.

I would like to hear your perspective on the issues of schedule and projected structural stability in the next 5 years.

Best Regards.  
Bob A.

Subject: Fwd: Cuba Road Bridge Status

IDOT has updated the Sufficiency Rating of the Cuba Road bridge based on the most recent inspections completed by WJE. The new rating is 36.9 (previously 52.0). As a result the bridge is now eligible for HBP funding (the sufficiency rating must be below 50 to be eligible).

Dan
