Good evening,

I would like to request that consideration of the Lease Amendment for expansion of the American Tower DAS hub facility behind the Barrington Hills Village Hall be postponed until the May 21st Board of Trustees meeting. We are still reviewing the proposed in-kind compensation scope of work for the proposed fiber connections in and around Village Hall. We require more time for review of the proposed work and preparation of cost estimates.

I will forward the requested information as soon as we complete our review and prepare the necessary estimates. I look forward to working with you on the Lease Amendment for review at the May 21<sup>st</sup> Board meeting.

Thank you for your continued assistance with this matter. I greatly appreciate it. Please do not hesitate to contact me should you have any questions or concerns.

Have a great evening,

Mike

Michael A. Hill
