ROADS AND BRIDGES MONTHLY REPORT
APRIL 2013

2012 ROAD PROGRAM

Our 2012 contractor, Geske & Sons, Inc. have agreed to do additional pavement cores to demonstrate that the thickness is adequate. The pay request is attached for approval.

2013 DRAINAGE PROGRAM

The bids have been received and are attached. The lowest bid is \$30,000 over the budgeted amount and Dan Strahan's recommendation is attached along with a resolution to award the 2013 Drainage Program to A Call Construction.

We are trying to schedule a meeting with Braeburn Lane residents to review their flooding problems prior to the start of work.

CUBA ROAD BRIDGE

The Phase Two Engineering Agreement approving Gewalt Hamilton as the engineering firm for the Cuba Road Bridge project is attached for Board approval and will be submitted to IDOT.

We are still awaiting IDOT approval of environmental clearances.

SPRING CREEK ROAD

The village will request FAU Route Designation status thereby qualifying for funding in jurisdiction with Algonquin Township.

HOMEOWNERS ASSOCIATION MEETING

The meeting will be postponed until fall. I am writing a letter to go out at the beginning of May.

THE SEASONAL ROAD WEIGHT LIMITS

Due to the extensive flooding following last week's historic rains, the weight limits will be extended as necessary.

Patty Meroni,
Chair, Roads and Bridges
