Mr. President~

Please seriously consider this candidate for one of several of the HEC vacancy

seats. Jennifer will be a great asset to our Committee, our Village and is a superb

fit for what we are doing. Her name will need to be put forward at a VBH Trustee

Board Public Meeting ASAP. Please also advise me when this will happen so that

I might be in attendance.

Thank you.

P Denise Israel

HEC Chair

Hello Denise,

It was a pleasure speaking with you today. It sounds like your committee is doing some great work for the community. Just a brief history of myself: I have lived in Barrington Hills for 32 years. I grew up in a historic farm house, Applebee Trace, where my parents still reside. I am currently living on Steeplechase Rd. with my husband Mike and our three daughters. I studied Zoology at the University of Wisconsin and spent two years with the Peace Corps in West Africa as an environmental educator and community forester. I am currently pursuing my master's degree in conservation education through Miami University. My focus is recycling organic waste through composting. I would like to work with the local schools and businesses in becoming more sustainable. I am interested in learning more about your committee and helping in any way that I can. Here is the article I was telling you about which explains a bit more of my work and vision. <http://365barrington.com/2013/10/17/264-onion-pub-and-brewery-business-expanding-hopping-squirming/>

Best,

Jennifer Kainz
