

Memo

To: Trustee Ramesh
From: Robert Kosin
CC: Board of Trustees, Village President
Date: April 20, 2012
Re: Comprehensive Plan Amendment - Groundwater

The Plan Commission at its meeting of April 11, 2012 concluded its review of the groundwater information prepared by BACOG for the Village of Barrington Hills. An overall map was prepared showing the recharge areas within the Village and adjoining planning areas. At its meeting of March the Commission had the information presented by the Executive Director of BACOG, about its area wide study of groundwater. The Commission requested as a supplement to the Environmental Features of the Comprehensive Plan, that the groundwater information from BACOG be redrafted to the limits of Barrington Hills.

As presented in April, it is the recommendation of the Plan Commission to hold a Public Hearing on amending the Comprehensive Plan so the Groundwater information as found in the attached map be included in the Plan.

Barrington Hills Groundwater Recharge Map

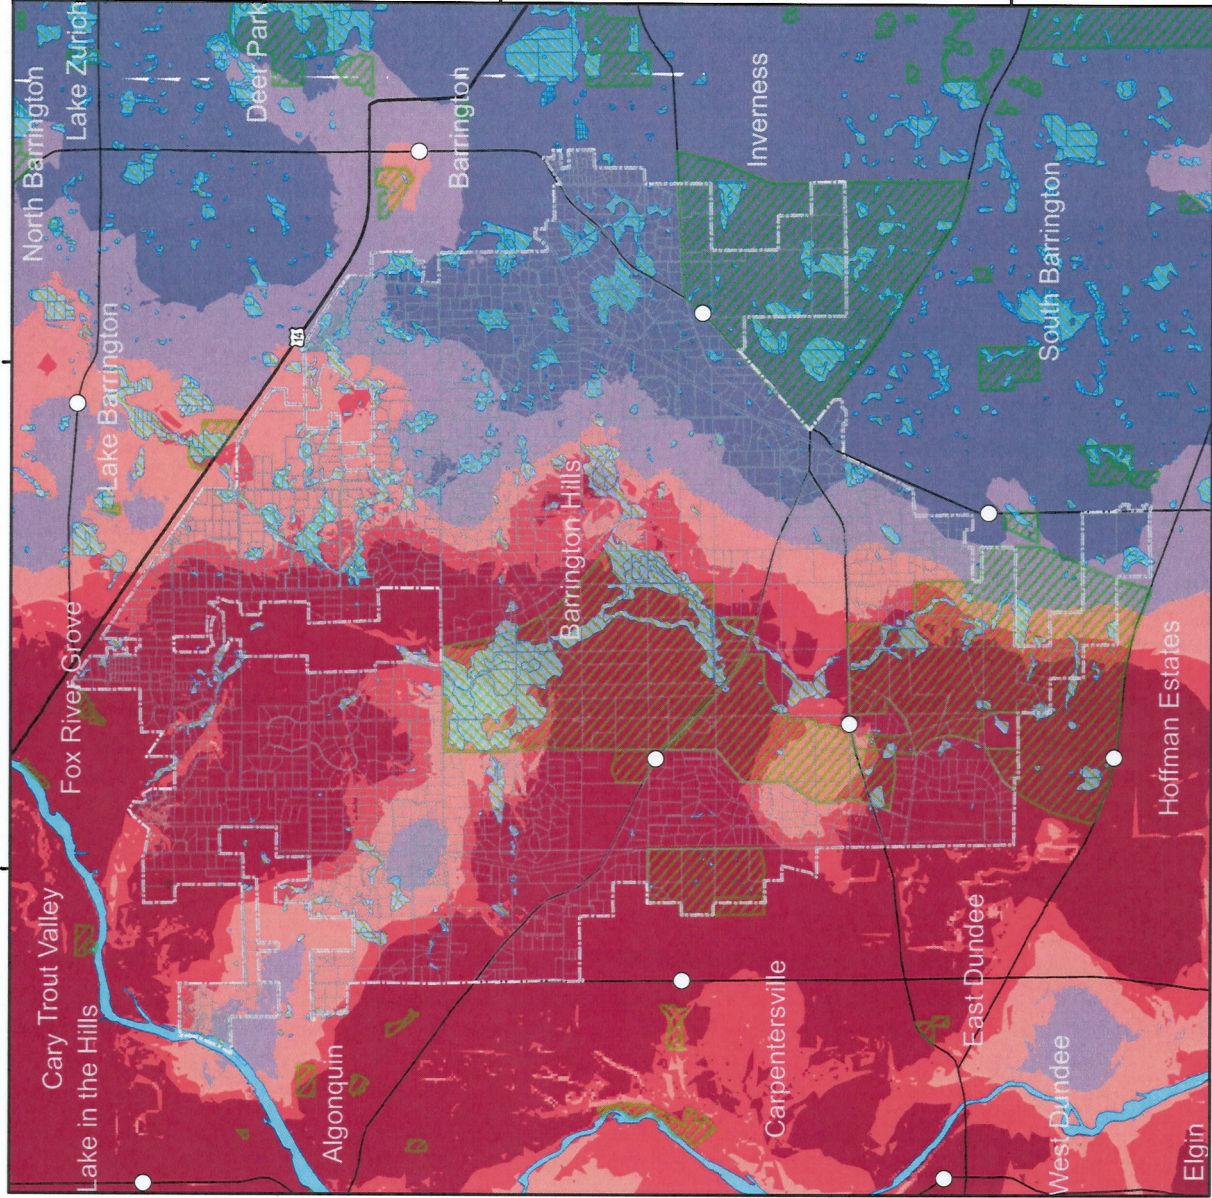

Legend

-  Parcels
-  Village Limits
-  Wetlands
-  Natural Areas
-  River

Recharge

Class

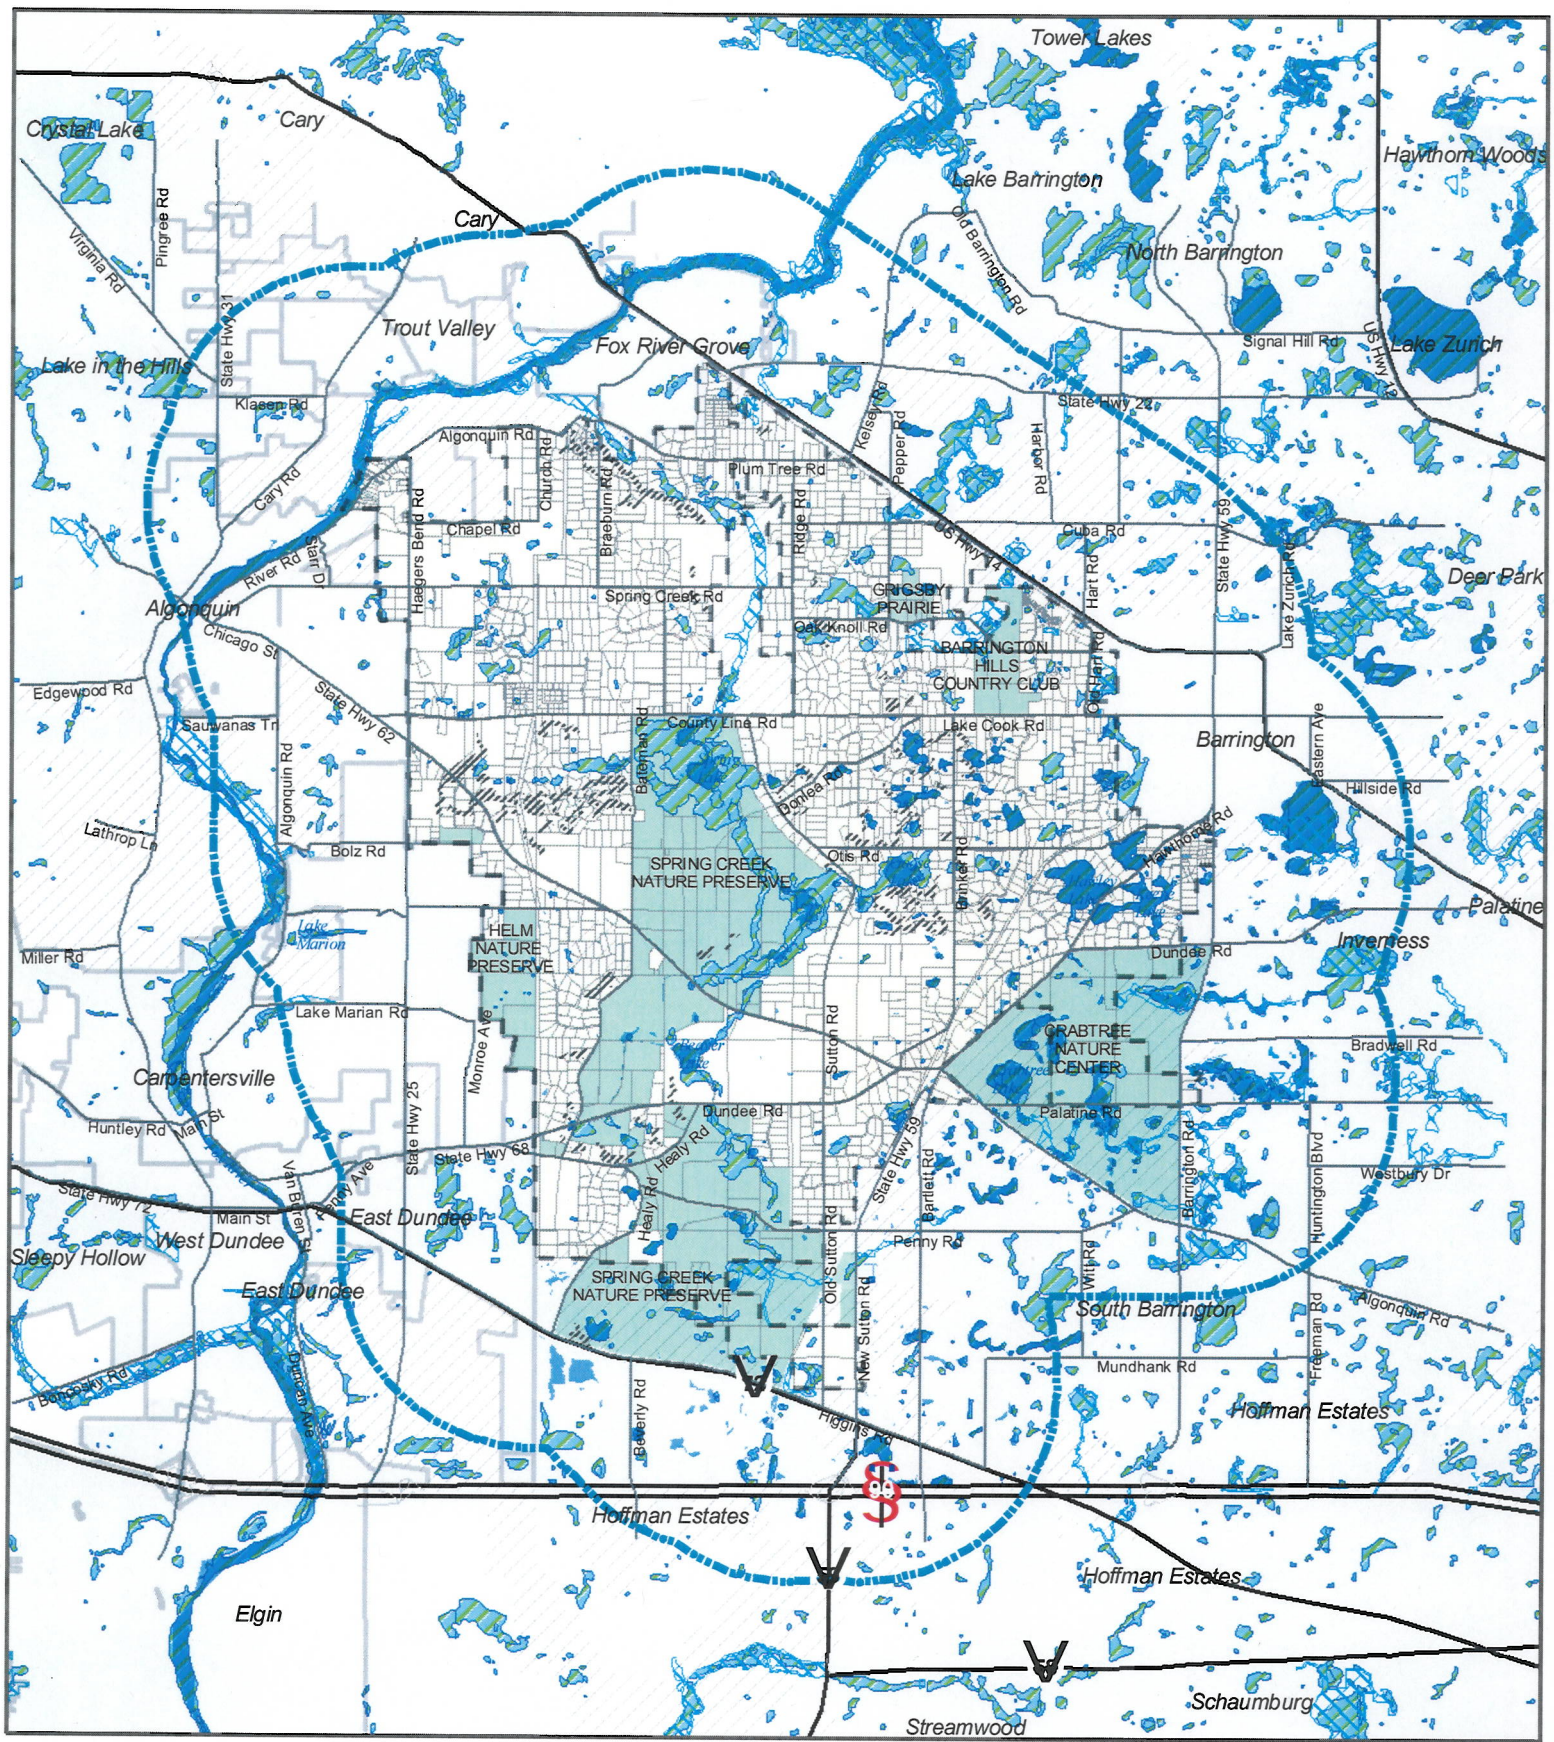

-  Highly Sensitive Recharge
-  Sensitive Recharge
-  Moderately Sensitive Recharge
-  Poor Recharge
-  Very Poor Recharge
